Sir,

~~Please~~ Please circulate.

I'm kinda proud sir when you say that I'm the 1st person that wrote a handwritten letter to you.

Thank you sir for the letter, as you know,

I am a stubborn and playful child. So that I ^{be} won't sitting still in the Medical Bay. So I would rather say "I'm OK, sir" so that I could go out ^{makes} for some excitement. I like to wear OB shirts cause it ^{me proud} makes me proud.

I am very grateful that I have a such kind hearted person as my ED at GB.

I wish I could be in OBML everyday, I wish it will be a permanent school and I could stay there everyday and to be the next ED in OBML. I will take care of my parents.

OBML is the best! "To Serve, To Strive And Not Yield!"
